The Council agreed to change the second regular meeting in January 2009 from January 19<sup>th</sup> (Monday) to January 22<sup>nd</sup> (Thursday) because of the Martin Luther King Jr. holiday.

The Council was informed of the City's Certified Local Government certification being renewed for 2009 and were presented with a copy of the Historic Preservation Commission's annual report.

Council was informed of an agreement for a flashing beacon at the intersection of Alabama Highway 21 and South Bemiston Road that has been signed and returned to Alabama Department of Transportation (ALDOT) – Resolution #1663 dated May 19, 2008 authorized the installation and maintenance expenditures for this agreement.

City Manager Stampfler presented the Council with progress reports from the Purchasing Department, Finance Department, and the Water Department. There was some discussion as to the additional revenue generated by the Revenue Officer's efforts and the savings realized by the Centralized Purchasing Policy. Council President Patterson suggested that the department accomplishments become a part of the official minutes of the meeting. Motion by Councilman Grissett with a second by Councilman Davis that from here forward memos concerning departmental accomplishments will be included as part of the official minutes. AYES: All. Councilman Miller indicated that he had heard from Mr. Tims of ALDOT and the request for pillions had been denied for the intersection of Tinney Street and Highway 21. Councilman Miller stated that there was some good news from ALDOT in that funding had been appropriated to continue the work on Highway 21 and the 275 Bypass. Councilman Grissett asked for an update on the railroad crossing work. City Manager indicated that he didn't think anyone knew the status, including the railroad company. There had been some delays on the promised crossing work, but continued improvements should be coming in the next few months. Councilman Grissett stated that the flashing intersection beacon on the South Bemiston Road was long time coming as government works slowly but thankful that it would soon become a reality. Councilman Grissett's comments also included citizens' complaints about the loss of the amnesty drop-off site, stating that many citizens preferred delivering their garbage to the drop-off site instead of leaving it on the side of the road. Councilman Grissett also noted that he had not received complaints about the increase in garbage fees, but basically complaints about poor service by the garbage company.

Councilman Tucker's comments included the following:

- Request for some information about the status of sidewalks on Avenue H
- Flooding and drainage pipe problems on Russell Drive
- What progress had been made on the Family Life Center –
- Give the employees half day for Christmas Eve
- Raven Morris Fund is set up at First National Bank – letter had been sent out to churches by himself and Council President Patterson asking for the offering of the 3<sup>rd</sup> Sunday in December to be donated to this fund
- Flags need to be set up along Stephen J. White Blvd. The City does not need to wait for Memorial Day to take such an action.
- Requested status of speed breakers in his ward.
- Requested the City have truck that will pick up leaves instead of just sweep them around. Commended City employees on getting debris out of drains after the last rain, but continually picking up leaves will prevent the drains from getting clogged in the first place.

Councilman Miller requested a status on the flood insurance issue for citizens around the McMillan Park area.

Councilman Miller informed the Council of the death of Ms. Shirley Keith, a part-time City employee at the Library, and a relative of his. Sympathy and condolences for Ms. Keith's family were expressed.
